A meeting was held on August 23, 2014, in Flint, Michigan to formulate Michigan ENA's strategic plan for 2015-2017. Donna Mason was our facilitator. She helped us identify our goals, interventions, and put together a plan for our state's future. We, as a group, identified 4 organizational priorities. They are: 1. Professional development, 2. Advocacy, awareness and public policy, 3. Communication, growth, and organizational strength, and 4. economic wellbeing. Together we brainstormed and came up with strategies to achieve these goals. We tried to identify specific people to achieve each goal, along with a budget. Please see the Michigan 2015-2017 strategic plan for specifics.

Submitted,

Hilda Vivio, Secretary Michigan ENA
